Subject: RFP No. PIC-04-71 (50065)

If your company is selected as the contractor for the contemplated program, authorization to proceed will be effected by the issuance of the appropriate type of Contract. It must be understood, however, that a contract may be awarded on the basis of initial technical and cost proposals received, without discussion of or changes to such proposals. Accordingly, each initial proposal should be submitted on the most favorable terms, from a price and technical standpoint, which the offeror can submit.

If you do not elect to submit a proposal, this letter and all correspondence should be returned.

Very truly yours,
